FINANCIAL SECRETARIAT

Sanctions the Revision of Scales of Pay of the Subordinate Gazetted Officers of the Several Departments.

READ—

Government Order No. 2484-2569—C. B. 178-46-1, dated the 27th November 1946, constituting a Committee to examine the adequacy or otherwise of the existing scales of pay of the subordinate executive and ministerial (non-gazetted) and inferior services establishments in the several departments of Government and also of the scales of pay of the subordinate gazetted staff.

2. Report, dated 5th July 1947, of the above Committee, recommending revision of scales of pay of the non-gazetted establishments of the several departments of Government.

ORDER NO. FL. 2779-2838—S. & A. 25-47-21, DATED BANGALORE, THE 21ST OCTOBER 1947.

In the light of the revisions of scales of pay of several classes of non-gazetted employees, the Pay Committee has also suggested revisions in respect of the scales of pay of the several classes of posts of the subordinate gazetted staff. After considering these proposals and also in the light of the revisions already sanctioned in the case of non-gazetted staff, Government are pleased to sanction the revision of the scales of pay of the several classes of gazetted staff as shown in the Annexure to the Government Order. The revision of scales of pay as now sanctioned will have effect from 1st September 1947.

The following principles shall be followed in fixing the pay into the revised grades :—

(1) In the case of officers on existing pay of Rs. 250 and above—

Increments as under may be added on to the existing pay on 1st September 1947 :—

(*a*) For a total service of 7½ years and above	...	One increment.
(*b*) For a total service of 15 years and above	...	Two increments.

The above being subject to a ceiling limit of Rs. 50.

(2) In the case of officers on existing pay less than Rs. 250, increments may be added on as under to the existing pay on 1st September 1947 :—

(*a*) For a service of 5 years	...	One increment.
(*b*) For a service of above 5 years and up to 10 years	...	Two increments.
(*c*) For a service of above 10 years and up to 15 years	...	Three increments.
(*d*) For a service of above 15 years	...	Four increments.

The above being subject to a ceiling limit of Rs. 40.

(3) In cases where the fixing of pay on 1st September 1947, as above, would involve a reduction in the pay that the officer might have earned after 1st September 1947 in the existing scale, then such pay may be given from the date the officer has reached it.

M. SHAMANNA,
Secretary to Government,
Finance Department.

PUBLIC WORKS SECRETARIAT

Directs the re-distribution of the divisional charges among the existing two Circles at Shimoga and Mysore and the New Circle at Tumkur.

READ—

Government Order No. 858-409—C. B. 19-26-1, dated 28th July 1926, sanctioning *inter alia* the revival of one Circle of Superintendence with headquarters at Shimoga.

2. Government Order No. 879-933—S., dated 19th October 1927, according sanction to the constituti n of the Mysore Circle of Superintendence.

3. Government Order No. P. W. 2539-44—Irn. 2-45-246, dated 17th October 1946, sanctioning the proposals for the speedy restoration of minor tanks.

4. Government Order No. 3555-60—Irn. 2-45-258, dated 6th December 1946, sanctioning among other things the creation of the post of Superintending Engineer, with necessary staff to work out the scheme both of restoration and maintenance of minor tanks in the State.

5. Correspondence ending with Memo No. 8861, dated 12th April 1947, from the Chief Engineer for Roads and Buildings, recommending the formation of additional Circle of Superintendence and to the re-distribution of jurisdiction among the circles in the State.

6. Letter No. 9114—E., dated 23rd June 1947, from the Chief Engineer for Irrigation, on the subject.

7. Further letter No. 5086—E., dated 23rd January 1947, from the Chief Engineer for Irrigation, regarding posting of a Superintending Engineer to work out the scheme both of restoration and maintenance of minor tanks in the State.

ORDER THEREON No. P. W. 4449-54—EST. 147-46-2, DATED BANGALORE, THE 30TH SEPTEMBER 1947.

There are at present two circles of Superintendence in the State excluding the Irrigation Circle which is in charge of all the Irrigation Divisions in Mysore, Mandya and Hassan Districts. The Superintending Engineer, Mysore Circle, is in charge of all the Divisions in Bangalore, Kolar and Tumkur Districts and all the roads and buildings in Mysore and Mandya Districts. The Superintending Engineer, Shimoga Circle, is in charge of all the divisions in Shimoga, Chiknagalur, Chitaldrug and Hassan Districts including the Irrigation Division at Chitaldrug. The Chief Engineer for Roads and Buildings has reported that on account of a large number of road and building works undertaken in recent times and also of a large number of irrigation works taken up in Chitaldrug District, the work in both the circles has increased enormously involving great delay in the scrutiny and submission of estimates to the Central Office. He has, therefore, proposed that an additional circle may be constituted to give relief to the two existing circles by appropriately distributing the work among the three circles.

2. The Chief Engineer for Irrigation has forwarded proposals for redistributing the work among the existing two circles and the Irrigation Circle, tacking on the Roads and Buildings Divisions of Mysore and Mandya Districts also to the Irrigation Circle with headquarters at Mysore. He further proposes to shift the headquarters of the Mysore Circle Office to Bangalore with jurisdiction over all the Division Offices in Bangalore, Kolar and Tumkur Districts, a new circle being left solely in charge of special ranges constituted for restoring minor tanks in the State.

3. The arrangement proposed by the Chief Engineer for Irrigation gives no relief whatsoever to the Superintending Engineer, Shimoga Circle. Government, therefore, consider that the Irrigation Circle may be allowed to remain as it is with jurisdiction over the Krishnarajasagara Works and all the divisions in Mysore and Mandya Districts, which are in charge of irrigation works and old and new channels in Mysore, Mandya and Hassan Districts and all the minor tank restoration ranges in Mysore District. The old channels like the Hullahally Channel, Ramaswami Channel, Uddur and Hanumanthapur Channels require re-modelling immediately. In addition the Irrigation Circle is in charge of the Nugu Reservoir—Project costing Rs. 81·0 lakhs recently sanctioned by Government. In these circumstances, Government feel that it is not desirable to tack on any more work to that circle.

4. Government are therefore, pleased to direct that the divisional charges be re-distributed among the existing two circles at Shimoga and Mysore and the new circle sanctioned in the Government Order dated 6th December 1946 read above with headquarters at Tumkur as noted hereunder :—

The Mysore Circle of Superintendence (Mysore Headquarters) Permanent.

(*i*) Mysore Division; Buildings Division, Mysore, Mandya Division, Bangalore Division, Bangalore Buildings Division and all minor tanks restoration ranges in Mandya and Bangalore Districts.
